

Karie's Ride

Presented by Team McAllen benefiting CASA of Hidalgo Co.

Karie's Ride is a memorial cycling event honoring Karie Sheridan, the daughter of a Team McAllen Cycling member who at the age of 33 was diagnosed with Stage IV Colon Cancer. After undergoing extensive chemotherapy treatments and radiation therapies, as well as undergoing surgical procedures, on February 28, 2009 at the age of 34 Karie lost her battle with cancer. Karie left behind a loving husband and 3 wonderful sons. Karie was a dedicated and loving mother and would be very pleased to know that this year the proceeds from Karie's Ride will be donated to CASA of Hidalgo in an effort to support our community's children who are less fortunate than her own.

Event date: Saturday, April 30, 2011
